

Starting Monday, October 2, 2023 Toranomom Hospital will adopt a full-referral system.

Until now, patients could receive a medical examination without a referral letter, but after October 2, 2023, first-time patients must present a referral letter to receive a medical examination. Those who request an examination without a referral letter will be required to pay the first-time visit charge (see below*).

■ “First-time patients” include the following:

- Patients who are visiting Toranomom Hospital for the first time.
- Patients who have received treatment, but have not been instructed by the doctor in charge to receive a re-examination.
- Patients who have received treatment but are diagnosed with a new disease.

* In principle, if you do not have a referral letter, you must pay a standard “first-time visit” charge. Please see the Toranomom Hospital website for details.

First-time visit charge (Current)	(After October 2, 2023)
¥8,800	¥11,000

始まりです。
 紹介受診重点医療機関。

それは、かかりつけ医からの紹介状を持って受診いただくことに重点をおいた医療機関です。

- ・この制度により、医療機関の混雑緩和や、スムーズな受診につながります。
- ・紹介状がなく来院された場合は、一部負担金（3割負担等）とは別に、「特別の料金」がかかる場合があります。
