

## Influenza and COVID-19 are spreading now

In our hospital, the majority of hospitalized patients have weakened immune systems.

As infection control measures, we kindly ask all visitors to do the following.

### <About visitation>

Both patients and visitors should wear masks at all times and do not eat or drink.

The following people are not allowed to visit:

- Have symptoms such as fever (over 37.5° C), runny nose, sore throat, cough, etc.
- Accompany by preschool-age children.
- A family member or close relative is sick with influenza or COVID-19.
- There is an influenza epidemic at work or school.

Please adhere to these measures. Thank you for your understanding and cooperation.
